Summery

- A skilled MERN stack developer trained at EVANGADI, with 5+ full-stack projects completed. I specialize in building dynamic, responsive, and high-performance web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with a strong focus on seamless user experiences and backend efficiency. Eager to learn new and apply my skills in real-world projects and contribute to organizational success.

Education

- **Addis Ababa University** 2028
Bachelor of science in Electrical and Computer Engineering
3.42

Skills

- ⚡ Javascript (2 years experience)
- ⚡ HTML (5+ years experience)
- ⚡ CSS (4+ years experience)
- ⚡ Python (1.5 year experience)
- ⚡ Java (2+ years experience)
- ⚡ Frameworks : React (junior), Nodejs(junior), Express (junior)
- ⚡ Database: MongoDB, MySQL
- ⚡ Tools : GIT, Postman, Render

Projects

- **Food Ordering Full-Stack Web Application**
Developed a full-stack food ordering web application using the MERN stack (MongoDB, Express.js, React.js, Node.js). Implemented user authentication, real-time order tracking, and an intuitive UI for seamless food selection and checkout. Integrated payment gateways and optimized backend APIs for performance and scalability.
- **Memories App**
Developed a full-stack social media app using the MERN stack (MongoDB, Express.js, React.js, Node.js). Enabled users to create, edit, and share memories with images. like features, and a responsive UI for an engaging experience.
- **Amazon Clone**
Built an e-commerce platform inspired by Amazon using React.js, Firebase Firestore (NoSQL database), and Firebase Authentication. Implemented product listing, cart functionality, secure checkout, and a user-friendly shopping experience.
- **Evangadi Forum**
Developed a Q&A forum similar to Evangadi using React.js, Node.js, Express.js, and SQL (Relational Database). Implemented user authentication, question posting, discussion threads, and efficient database management for structured conversations.

Certifications

- 📁 Developing Front-End Apps with React - [IBM (Coursera)]
- 📁 Foundation of project management- [Google(Coursera)]
- 📁 Introduction to quantum computing- [The Coding School]
- 📁 Full-Stack(MERN) course - [Evangadi]
- 📁 Galactic problem solver - [NASA]
